Personal Statement >>

I am an energetic and ambitious person that has developed a mature and responsible approach to any task that I undertake, or any situation that I am presented with.

I have a clear logical mind with a practical approach to problem-solving and a drive to see things through to completion.

I have a great eye for detail. I am eager to learn and I enjoy overcoming challenges as an innovative professional with proven ability to identify, analyze and solve problems to increase customer satisfaction.

I'm a **BAKEA Web Developer** looking to further my career as a freelancer, contract staff or a full time staff.

I have good coding skills, as well as an ability to convert client requirements into exciting online applications.

I love challenges, and I possess the capacity to learn new IT skills at a fast pace.

Key Skills >>

Front-end design using HTML, CSS, JS/JQ, Photoshop, SASS, LESS, SCSS.

Back-end development using PHP, Python, SQL, C#.

Frameworks: Laravel, CodeIgniter, miniPHP, WordPress (and Plug-ins).

Android Apps development using Java technology.

Operating Systems: Linux OS, Mac OS, Windows OS.

Web Security Expert.
